

BSc (Hons) Biotechnology
SC1153: Introduction to Biotechnology
Batch 13

Assignment 1: Areas of Biotechnology applications in the world

Objective: To make the school children aware of the applications in different areas of Biotechnology.

Title: Your selected area – Have a creative title related to your biotechnology area.

Areas of Biotechnology – Assigned for each group

Group no.	Biotechnology Area
1	Green Biotechnology
2	Red Biotechnology
3	White Biotechnology
4	Yellow Biotechnology
5	Gold Biotechnology
6	Blue Biotechnology
7	Purple Biotechnology
8	Dark Biotechnology
9	Gray Biotechnology

Prepare a power point presentation on most used applications in your given biotechnology area. Each group member should present part of it.

What should your presentation include?

- Introduction

Introduce your subject with something very interesting to motivate the audience

- Main body

Should have the most important information of your topic. Include the most interesting information of the topic. You should include related and interesting information which people may not have heard of.

- Conclusion

Extract the most important information you included in the presentation

- References: Most important 3-4 citations you used to develop the presentation

The presentation

Time limit → 10 minutes

Each student should use 2-3 minutes

There can be about 15- slides per presentation.

Group leaders should check the flow and relevance of the information which will contribute to group mark in the evaluation.

First slide should include the names and registration number of the group members in presenting sequence.

Do s

1. **Present with confidence**
2. **Keep voice loud enough to everyone to hear you.**
3. **Have good eye contact- look at all audience in class**

Don't s

1. **Do not bring notes to the presentation**
2. **Do not read the slides, explain the slides**
3. **Do not just look at the screen without looking at audience.**

Follow all the instructions given by Prof. Colin

Presentation is on the 3rd (Friday) July 2026

Upload all the presentations before 3rd (Friday) July 2026

Kindly note: When you upload the presentation to the course web save the presentation with - Group number and assignment no.

	Category	Marks
1	Content: Accuracy, Relevance	30
3	Delivery: Vigour, eye contact, voice,	30
6	Creativity: Slides well developed, colour combination, font size, creative	20
7	Time management: Stick to the given time	10
8	Group mark: flow of the whole presentation	10
9	Total	100
	Depending on the notes	-20

Evaluation Criteria
